Registration Information**

Each member of a parish team is registered as an individual participant. Each person is responsible for his or her own full participation in all eight weekends and completion of assignments and readings.

The assumption of the program is that everyone is registering for the whole program, ie: 110 hours of workshop; worship with the learning community; required readings and other assignments; and planning, implementing and reporting on congregational development projects. Each signs a learning agreement with CDI. Participants who experience difficulty with program requirements are offered make-up opportunities (which may involve an additional fee) and on occasion may be asked to leave the program and return when their schedule allows for full participation.
